

## RANCH HOUSE® COARSE ROCK SALT

**PRODUCT DESCRIPTION**

Ranch House® Coarse rock salt is a consistent product conveniently available from the Hockley salt mine. It is carefully screened to recover the proper size. No additives are required or used since the product size is typically non-caking and free flowing.

**PROCESS**

The rock salt continues to be mined from natural deposits 1,500 feet below the earth's surface, as it has since the late 1920's. During the processing, the salt is crushed and screened to the coarse gradation. The salt is hoisted to the surface and packaged for shipment.

**PACKAGE**

The product is available from the Hockley, Texas salt mine in 50 pound bags, 80 pound bags, and also in bulk. The bags are moisture-proof, weather resistant, skid-resistant polyethylene. Pallets are stretch wrapped to provide cleanliness and stability in transit.

**PACKAGING****PALLETIZATION**

Bag Size (Lbs.)	Dimensions (WxLxH)	Cube (Ft <sup>3</sup> )	Bags/Pallet	Dimensions WxLxH	Gross Wt. (Lbs.)**	Pallet Pattern (Tiers)
50	16"x19.5"x4.5"	0.8	49	40"x48"x32"	2550	7 Tiers of 7
80	18"x24"x5"	1.1	30	40"x48"x35"	2495	6 Tiers of 5
