

PRODUCT SPECIFICATION

PREMIUM DARK CHILI POWDER

Description

The product shall be prepared from red chile peppers, salt, cumin, oregano, garlic and less than 2% silicone dioxide (added to make free flowing). The chili has been roasted during processing.

General Requirements

Material and product shall meet all standards or human consumption and conform in every respect to the provisions of the Federal Food, Drug and Cosmetic Act and the general regulations for its enforcement. Material and workmanship shall be of good quality and the product prepared in accordance with good commercial practice under strict sanitary conditions.

Standards

Chemical:

- | | |
|---------------------|---------------|
| 1. Moisture | 10% Maximum |
| 2. Pungency | 750-1,000 SHU |
| 3. Total Ash | N/A |
| 4. Acid Soluble Ash | N/A |

Physical:

- | | |
|------------------------|--|
| 1. Color | Characteristic |
| 2. Flavor | Characteristic |
| 3. Granulation | 90% Minimum pass US 30 mesh |
| 4. Extraneous Material | As free of all extraneous material
as good manufacturing practice allows. |

Storage

Storage shall be under normal warehouse conditions, off the floor and away from walls. The above specification is to be used as a guideline only. Some product variability is inherent in agricultural based products. Under these conditions, shelf life is estimated to be two years.
